Place value chart

Name: _____

Each column is ten times the one to its right. Write one digit per box. A digit is worth what its column says it is worth, which is why 407 is not forty-seven.

Millions	Hundred thousands	Ten thousands	Thousands	Hundreds	Tens	Ones	Tenths	Hundredths
1 000 000	100 000	10 000	1 000	100	10	1	0.1	0.01
